**Importance:** High

Colleagues:

Attached is the most recent version of the Plant Biostimulant Guidance from BPPD. Attached also is the original guidance document (dated 9/20/2016) for your reference. The current one (dated 3/06/2018) has been edited and reduced in scope over the last two years. If you believe that information in the original 09/20/2016 document should be added back in, please state that in your response.

We originally asked for you to respond by April 5. As of that date only Regions 2, 4, 7, and 10 have responded.

We are approaching a briefing with our OCSPP administrator very soon, and really need some sort of response ASAP. **If we do not hear from you by Monday 5/14, we will assume you concur."**

**Please do NOT share with our co-regulators or others.**

My contact information is below if you have additional questions.
